

The "In the Footsteps of Zychlin Jews" project concluded June 22 with unveiling of a memorial to the town's Jewish community. ADJCP was an honorary patron of the project, undertaken by the Society of Friends of the Kutno Region (TPZK).

In addition to the installation of the monument, the project included collection of trash in Zychlin's Jewish cemetery, an education program for local youth, and exhibition. For pictures and more information, visit the TPZK facebook page
